

## EASy Fit Index

# CUT TURNOVER, BOOST JOB FIT

Discover a smart new way to pinpoint applicants who are at risk for early turnover. By gathering work-related preferences and personality insights, the EASy Fit Index helps you screen out applicants who are likely to terminate within the first few months on the job. At the same time, this innovative tool identifies which candidates are the right match for the job and your organization.

The EASyFit Index uses the **science of predictive analytics** to measure whether applicants have the characteristics and traits that make them best suited for a specific job or type of work. This technology becomes even smarter over time as we continue to gather and analyze participant data for your organization.

Within minutes, you'll have valuable insights about each applicant's work-related attributes, characteristics, history, and work preferences. Applicants can complete the assessment on any smart device, and you'll have instant access to their results.

**Start today!** The EASy Fit Index is particularly effective for high-volume, high-turnover jobs across a wide variety of industries.
