

Spanish Proficiency Assessment

QUICKLY ASSESS CANDIDATES' SPOKEN LANGUAGE SKILLS

Now you can assess candidates' Spanish proficiency in a matter of minutes, identifying which candidates have the language skills needed to serve your customers with excellence.

Available on any smart device, this easy-to-use assessment leads candidates through each step, presenting questions in English and prompting them to respond in Spanish. Candidates' recorded responses are immediately available to you for review and evaluation. Easy-to-use rating guides are included, and scoring by an expert assessor is also available.

- Hear responses in candidates' own words and voice
- Accurately identify candidates with high language proficiency
- Provide a consistent, fair, and legally defensible process
- **Customizable for virtually any language!**

Be confident you have the right people talking with your customers. The Spanish Proficiency Assessment is easy to combine with your current screening process or integrated with our award-winning Hire Confidence® Platform for a comprehensive, job-specific solution.
